

Building CLIs in 5 Minutes with Go: Why the Terminal is the Future (Vim Included)

by Prasanth Baskar (bupd)

About Me

(Just Another Developer)

- Hates Bloated GUIs.
- Creator of [git-donkey](#) (CLI)
- Software Engineer - 8gears AG
- Core Contributor of Harbor Container Registry

What We'll See in This Talk

Hot Takes and Less Boring Stuff

- Go's tools for building fast CLIs
- Vim: the only editor that matters

The Standard

Cobra CLI and Bubble Tea: The Dynamic Duo

- [Cobra CLI](#): flexible and powerful
- [Bubble Tea](#): interactive CLI goodness

DEMO

Thanks for Attending!
